

# Venere

*“Venere, that is Venus, is the goddess of love and the universal symbol of beauty; not of a merely exterior beauty, but a harmonious balance between inner and outer qualities. For all of this, she is truly and genuinely fascinating like our loudspeakers, whose shape is the immanent expression of their function”.*

Venere is a line of acoustic speakers designed to be a new point of reference even beyond its category. Characterized by its Aida inspired design but with a younger more aggressive feel and a sound that is vivid, instant and ready to impress any music enthusiast. The group of 6 speakers that make up the Venere family respond as

much to the needs of two-way listeners as those of multi channel or home-theatre enthusiasts. They are easy to place and set up, with a strong structure, drivers Sonus faber exclusive design, aluminum, tempered glass and ..... the usual Sonus faber class. Born to live by your side with the spirit of 'luxurious&fun'.
